### Description

We will focus on how to study Scripture with someone else, particularly in training up disciples. We will use David Helm's book as our guide:

"Imagine if there was a way that people could grow in their knowledge of the Lord Jesus Christ a way that returned gospel growth to the everyday fabric of personal relationship, rather than relying on church-run programs. That guided people in a deeper, more meaningful way than an event, program or class could possibly do guided on an individual basis by someone who cared for them personally. What is this way? What is this activity that is so simple and so universal that it meets the discipleship needs of very different people at very different stages of discipleship, even non-Christians? We call it reading the Bible one-to-one. "
